# SUPPORT LETTERS

le Président

Lyon, - 5 DEC. 2019

Dear Dr Muriel Coupaye,

It is an honor for me, as President of Lyon Metropole, to learn that Lyon is bidding to host the European Congress on Obesity (ECO) in April 2023.

Lyon has extensive experience in hosting large international meetings. For 7 consecutive years, Lyon has been ranked in the top three French destinations for international association conventions - a solid reference indeed.

It would be my pleasure to welcome you to our city to discover its events infrastructure which will undoubtedly match the requirements of this prestigious international event.

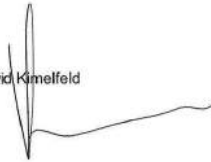

Hosting the ECO in Lyon would also be an opportunity for the delegates to discover one of the most attractive cities in Europe, located at the confluence of the Saone and Rhone rivers, and designated a World Heritage Site by UNESCO in 1998. Having been the ancient capital of the Gauls, the city can look back over 2000 years of history.

The delegates would also be able to experience our gastronomy which is, in Lyon more than anywhere else, not just a pleasure but a way of life.

Should Lyon be selected, you can be assured of the warmest welcome and our undivided attention to make your event a success.

Yours sincerely,

David Kimelfeld

EASO, European Association for the Study of Obesity

**President Dr Nathalie Farpour-Lambert**  
EASO Secretariat, Level 2, 8 Waldegrave Road, Teddington,  
Middlesex TW11 8GT, UK

Dear Professor Farpour-Lambert and dear members of the EASO Executive Committee,

We are happy to support the candidacy of Lyon (France) for ECO 2023.

Lyon has a strong activity in obesity and obesity surgery, as exemplified by Pr Martine Laville, a key-opinion leader in this field. We have hosted here the recent IFSO-EC (European Chapter) in May 2019, with great success.

Bariatric surgeons from all over Europe would come gladly to such a meeting, as well as medical companies dealing with bariatric devices and other services.

Lyon has a prominent position in scientific and medical research, with leading centers in obesity and nutrition, cancer, infectious diseases, genetics, neurosciences, and cardio metabolism. Lyon University hosts more than 100000 students.

Lyon Convention Center hosts more than 350 events a year. As the second French destination in the international ranking ICCA, there is strong references with international events such as the annual meeting of the International Society of Pediatric Oncology (SIOP 2019), the European Congress of Endocrinology (ECE 2019), the World Allergy Congress (WAC2019), the European Microscopy Congress (EMC 2016) and the International Society of Arthroscopy, Knee Surgery and Orthopedic Sports medicine congress (ISAKOS 2015)... and many more.

Hosting the ECO 2023 in Lyon would also be an opportunity for the delegates to discover one of the most attractive cities in Europe, located at the confluence of the Saone and Rhone rivers, and designated a World Heritage Site by UNESCO in 1998. Having been the ancient capital of the Gauls, the city can look back over 2000 years of history.

The delegates would also be able to experience our gastronomy which is, in Lyon more than anywhere else, not just a pleasure but a way of life.

Best Regards,

Docteur DARGENT

EASO, European Association for the Study of Obesity,  
President Dr Nathalie Carroux-Lambert  
EASO Secretariat, Level 2, 8 Wakegrave Road, Teddington,  
Middlesex TW11 5GT, UK

Lyon, the 13th of January, 2020

Ref: COR004\_20200114\_LBP\_ECO2023

Subject: Letter of support to hold the ECO 2023 in Lyon (France).

Dear President,

As a biocluster, Lyonbiopole is the one-stop shop for healthcare innovation in Auvergne-Rhône-Alpes, France. In 2019, Lyonbiopole represented a community of 240 members: 202 companies including 6 world-class leaders that are Lyonbiopole's founders (Sanofi Pasteur, bioMérieux, Boehringer Ingelheim, BD) and 18 Research Centers including two Lyonbiopole's founders (CEA leti, Fondation Mérieux).

Lyonbiopole aims to support the emergence and development of innovative technologies, products and services in 4 main strategic areas: human medicine, veterinary medicine, in vitro diagnostics, medical devices and medical technologies. The presence of 8 internationally recognized Clinical research Centers is a strategic element to foster innovation in Auvergne-Rhone-Alpes region.

For 3 years Lyonbiopole has been strengthening its activity in the health and nutrition sector in partnership with the European Center of Nutrition for Health (CENS), chaired by Professor Martine Laville. CENS brings together the strengths in human nutrition research (ranging from molecular and cellular aspects to Economics and Social Sciences) from the Auvergne-Rhone-Alpes and fosters connection with the European network of research center in nutrition. Lyonbiopole contributes to the valorization of the nutrition and health regional research activity by connecting the academic community with industries through scientific events.

The Auvergne-Rhône-Alpes Région represents a dynamic region in the hearth of Europe and hosts a large number of recognized and international scientific events.

For all these reasons we believe that Lyon represents a strategic place to hold international health related events and we are more than happy to support its current bid for the ECO 2023.

We look forward to the selection of this promising project.

Sincerely yours,

Florence Agostino-Etchebetta  
CEO

The Director

Toulouse, 16<sup>th</sup> January 2020

## Support to the candidacy of AFERO for holding the ECO 2023

On behalf of the National Infrastructure in clinical research "F-CRIN", I want to express our full support to the candidacy of AFERO "French Association for Research and Study of Obesity" to hold the European Congress on Obesity (ECO) in 2023 in Lyon (France).

With its labelled national translational and investigation network, FORCE, obesity is one of the medical thematic supported by F-CRIN, the French clinical research Infrastructure. F-CRIN was very recently renewed after a very positive evaluation.

The organization in 2023, in Lyon of the ECO would be considered as an encouragement for F-CRIN and France to continue their efforts to promote research in obesity.

AFERO can rely on the operational support of F-CRIN to make a success of the ECO 2023.

Puteaux, le 13 Janvier 2020

Professor Martine Laville,

Dear Professor, in view of the next European Congress on Obesity in 2023, I wanted to bring you all the recommendations of the CNAO and its many associations of Obese patients, for the support of the French Association for Research on Obesity.

In view of his many years of work, jointly carrying out research, screening and the proper care of our population in the face of overweight and obesity in France.

May our modest support through our 20 years of voluntary and voluntary work bring you our full support.

Wishing you good reception and remaining at your disposal for any further information,

Believe, Professor Martine Laville, in the expression of my best feelings.

# WELCOME TO LYON

LYON 2019

Great cities do not emerge by chance. It is factors of location, climate, geography, history and the men and women of the region that determine their existence.

Lyon is the result of this outstanding combination. Its 2000-years history testifies to Lyon's ability to build its wealth and its success without ostentation but not without wisdom and clear-sightedness.

**A city of trade**, Lyon was the first city to hold large traders' markets.

**A city of communications**, Lyon created a major access network that opened onto Europe and the rest of the world to encourage exchanges and influence between people, goods and ideas.

**A city of finance**, Lyon was innovative in exchanging currencies and setting up the first banking system in France.

Lyon would be the ideal destination in which to host the **European Congress on Obesity in 2023**, being the cradle of a long tradition of welcome and of 2,000 years of contact with Europe and the rest of the world.

Lyon, where the world comes together!

**LYON, EUROPEAN CAPITAL OF  
SMART TOURISM 2019**

# WHY LYON ?

---

## ACCESSIBLE CITY

France's **4<sup>th</sup>** International airport with **130** direct flight connections.  
Regular flights to all main European cities.

Connection between airport and city center in **25** minutes.

**3** TGV stations allowing easy access to the city for delegates from all around the world.

## CITY OF CONGRESSES

**2<sup>nd</sup>** largest and most active Convention Centre with **3** amphitheatres and **8400** m<sup>2</sup> already tested successfully with numerous international association events.

France's **2<sup>nd</sup>** largest hotel offer with **18 773** rooms in Lyon and Greater Lyon still growing, from the dependable comfort of big brand names to charming boutique hotels.

## FOOD LOVER'S HEAVEN

Among the **best places in the world** to wine and dine

**The gastronomic capital** of France

**19 starred restaurants** in the "Greater Lyon"

Wide choice of restaurants and "**bouchons**" (typical regional Lyon cuisine)

**79 AOP\*** and **94 starred chefs** in Auvergne-Rhône-Alpes Region

## HISTORICAL & CULTURAL CITY

**2000** years old Unesco world heritage architecture

One of the largest **Renaissance** quarters in Europe

Birthplace of **cinema** with Lumière brothers

**About 2 million** visitors yearly for the Lyon's light festival

A true, authentic **French** city experience!

\*Protected Designation of Origin

# WHY LYON ?

---

## THRIVING CITY

2<sup>nd</sup> economic region in France  
6<sup>th</sup> economic region in Europe

1<sup>st</sup> French city in number of created companies

**Leader in 5 industries:** Biotechnologies; chemistry/environment; digital entertainment; textiles and flexible materials; transportation & mobility systems

## LEADING FRENCH LIFE SCIENCE CITY

The 1<sup>st</sup> **veterinary school** was born in Lyon in 1761

France 2<sup>nd</sup> **largest region** in terms of health sector, pharmaceuticals industry and biotechnology  
**World number one** producer of vaccines

2<sup>nd</sup> **French research cluster:** 550 public and private research laboratories, 13 300 researchers including 1800 international

## 2020-2021: Opening of the WHO International Training Centre

Objective: to offer continuous training to health professionals throughout the world and make Lyon an international health hub.

## STUDENT CITY

France's 2<sup>nd</sup> **largest** student population  
17 "Grandes Ecoles" and 4 universities  
Lyon, 1<sup>st</sup> **student city** in 2018-2019

# LYON SMART CITY

---

LYON

# LYON, EUROPEAN CAPITAL OF SMART TOURISM 2019

---

This competition honours this attractive, dynamic and accessible city's efforts to boost smart tourism thanks to trailblazing accomplishments in matter of:

- > digital innovations
- > environmental friendliness
- > quality of life of its residents

In 2018, Lyon also won the **European Commission's Access City Award**, which showcases cities that make life more accessible for disabled people in particular.

## THE GLOBAL DESTINATION SUSTAINABILITY INDEX (GDS-INDEX)

**The mission of the program is to engage, inspire and enable destinations to become more sustainable places to visit, meet and thrive in.**

The GDS is a destination level program that measures, benchmarks and improves the sustainability strategy and performance of meetings, events and business tourism destinations.

Over 50 participating cities in the leading sustainability benchmarking & improvement program for meetings & events destinations around the world.

**In 2019, Lyon is the highest rated French city with a score of 55%.**

# LYON CITE INTERNATIONALE

---

## AN ENVIRONMENTALLY RESPONSIVE CITE, FROM ITS CONCEPTION TO ITS OPERATION

### Lyon “Cité Internationale”

From design to construction, the Cité Internationale has always respected sustainable development. Emphasis has been placed on respected sustainable development and renewable energy. The *Cité Internationale* district is part of a sustainable development programme.

### Facilities

Rainwater recovery by the 2,000 m<sup>2</sup> of non-watered vegetal gardens, thanks to a centralized watering system.

Use of underground seepage water for building heating and cooling.

96m<sup>2</sup> of solar panels generating 15,000 kWh, with an environmental gain of 1,4T / year of CO<sup>2</sup>.

Latest generation bus lines, silent and clean, 6 bike-sharing stations.

### Certification

Environmentally aware, the GL events group is engaged in a group-wide sustainable development initiative through the program Think Green. In 2019, Lyon Convention Centre and Eurexpo have obtained **ISO 20121 certification**.

## Co-Chair: Martine Laville

- Martine Laville is a MD-PhD, Professor of Nutrition at Medical school in Lyon 1 University. She is involved in teaching nutrition and in diabetes and obesity care.
- She is the president of CENS (Center European for Nutrition and Health). She is the leader of FORCE (French Obesity Centre of Excellence) a network devoted to development of trials for obesity treatment. She is involved in of European infrastructure projects ECRIN (WP Nutrition leader), and coordinates JPI HDHL (healthy diet for healthy life) initiatives like @OBEDIS on phenotyping in obesity. Past president from the French Society for Obesity (AFERO), she organized the ECO meeting in 2012. Her major research interest is about the mechanisms involved in obese and diabetic patients with different approaches from food habits to molecular biology. She is investigator and co-investigator in many clinical trials on obesity and diabetes. She has published more than 300 papers in paired reviewed journals with a h index of 65.

## Co-Chair: Muriel Coupaye

- Muriel Coupaye is a M.D. specialized in endocrinology and nutrition in 2 sites of Assistance Publique-Hôpitaux de Paris (Louis Mourier and Pitié Salpêtrière hospitals). She has a great experience in the management of severe obesity and particularly in the context of bariatric surgery and Prader-Willi syndrome. She is an active member of the CINFO (Centre Intégré Nord Francilien de l'Obésité) and she has integrated in 2017 the team "Gastrointestinal and Metabolic Dysfunctions in Nutritional Pathologies" (Inserm UMRS 1149), directed by Maude Le Gall.
- Her main research themes concern the patients care before and after bariatric surgery (prevention and management of nutritional and digestive complications, management of pregnancy after bariatric surgery) and the multidisciplinary care of adults with Prader-Willi syndrome (transitional care, hormonal substitution, treatment of hyperphagia, treatment of comorbidities). She has conducted several clinical projects and published more than 50 papers in peer reviews international journals.
- She was vice president of AFERO for 3 years before becoming president in 2020.

# NATIONAL SCIENTIFIC ORGANISATION

---

# FRENCH ASSOCIATION FOR THE STUDY OF OBESITY

---

- Representation of the French obesity actors within the international bodies
- French branch of European Association for the Study of Obesity ([E.A.S.O](#)) and of the World Obesity Federation ([W.O.F](#))

## **Its missions:**

- Promotion of scientific exchange, knowledge dissemination, student / clinician / scientific training for biomedical treatments and obesity care management
- Contribution to the education, prevention and treatment of obesity  
National hub for obesity / nutrition and metabolic scientific societies and patients associations
- Support for young investigators (research and travel grants)
- Scientific animation (website, congress, scientific days...)
- Scientific journal (Obésité)

# FORCE (French Obesity Research Center of Excellence) NETWORK: the French network specialized in clinical research in Obesity, Nutrition and related diseases

---

FORCE network has been labeled in 2014 by the FCRIN infrastructure (French Clinical Research Infrastructure Network) which is one of the 23 INBS (National Infrastructures in Biology and Health) laureates of a call for projects entitled “National Infrastructures in Biology and Health” launched in 2010 by the French National Research Agency (ANR).

***“The strength of collective and complementary expertises in clinical research for obesity and nutrition disorders”***

Starting from its setting up in 2014, FORCE has been able to gather the high level of scientific expertise of its 37 centers specialized in care obesity management rising an outstanding research dynamic, increasing dramatically the number of common research projects in the field. The considerable number of patients treated by the 37 clinical centers from the FORCE network, offers a high potential of inclusion in trials but also of relevant clinical data collected during usual care. The results of the different intervention trials done by the FORCE network especially in the field of bariatric surgery has a high potential to change the medical practice in the domain through international papers and recommendations. Moreover, in 5 years, thanks to its relevant positioning on cross-cutting hot topics (stratification of patients, data sharing, phenotypage...) FORCE becomes the French pillar of several international scientific networks, facilitating the involvement of France within relevant initiatives and consortia.

## FORCE (French Obesity Research Center of Excellence) NETWORK: the French network specialized in clinical research in Obesity, Nutrition and related diseases

---

*“FORCE is now recognized as an efficient network that leads the national research on obesity and is recognized as the reference network for clinical studies in the field of obesity and nutrition disorders at the international level especially in Europe”*

FORCE is the French pillar of several European and International networks (EASO-COMs network, ECRIN nutrition hub, NUTRIBIOTA).

This strategic positioning ensures:

- ✓ to be systematically contacted by foreign partners, wishing include France in their consortia
- ✓ to share and promote French expertise
- ✓ to be aware of the emerging trends and hot topics
- ✓ to facilitate lobbying actions to our institutions and funding agencies

# NUTRITION RESEARCH IN LYON

---

Rhône-Alpes is France's second largest region in terms of its health sectors (66,000 people). In Lyon are based laboratories dedicated to nutrition and health such as:

- **CarMeN Laboratory in Lyon**

**Cardio-Metabolism, Diabetes and Nutrition** – University Lyon 1

Opened since January 2011 in Lyon, CarMeN lab is a biomedical research laboratory in the fields of metabolic diseases, obesity, type 2 diabetes and their cardiovascular complications (myocardial infarction, stroke), kidney failure and dyslipidemia. Gathering about 180 persons, including basic scientists and medical practitioners to strengthen the interactions between cognitive research and biomedical and clinical research, the main objective of CarMeN lab is to improve our understanding of these important diseases and to develop new treatments and preventive strategies for a better care of the patients.

- **CRNH Rhône-Alpes – Centre de Recherche en Nutrition Humaine**

**The Rhône-Alpes Research Center for Human Nutrition** strives to improve human nutrition and health. It develops research programs in nutrition within the framework of national, European and international research programs, working closely with industrial partners and researchers worldwide.

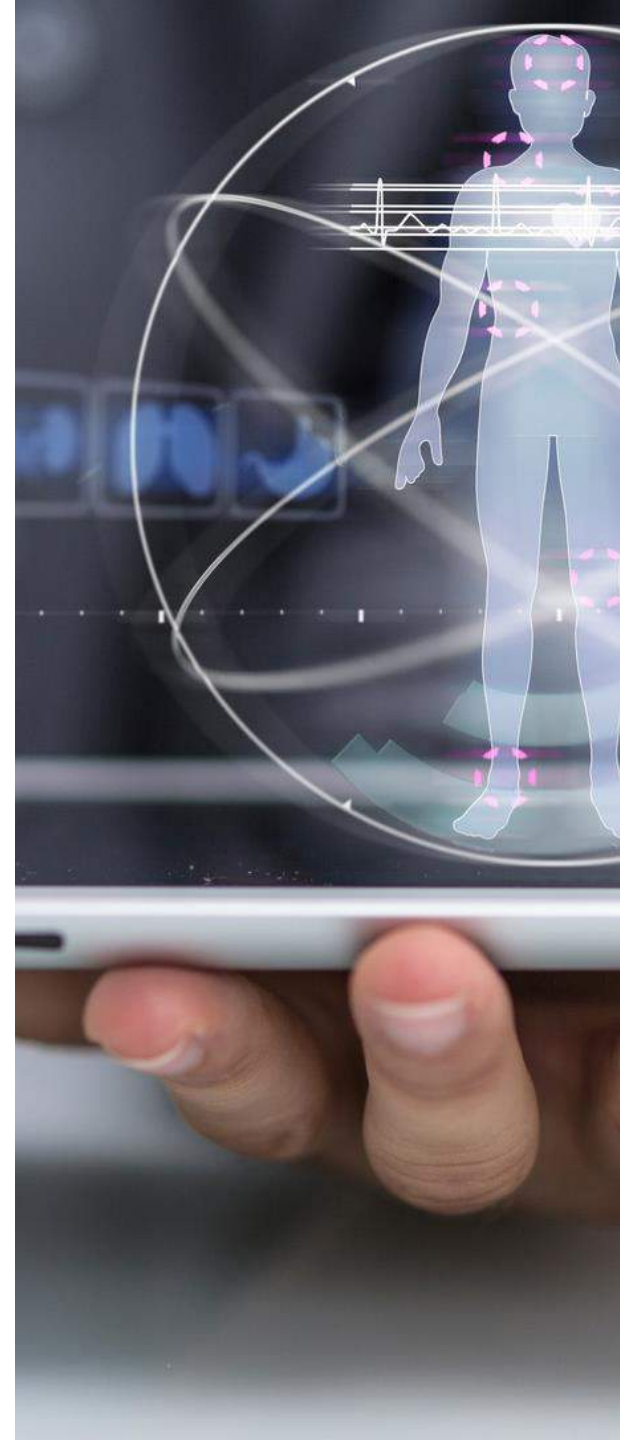

- **Centre Européen de Nutrition pour la Santé – CENS**

The **Centre for European Nutrition and Health (CENS)** is a collaborative structure with a « one-stop-shop » approach to investigate Nutrition by considering all dimensions and offer a comprehensive vision of the field.

**CENS** provides access to a network of multidisciplinary skills by being a collaborative organization and offering cutting-edge infrastructures. This allows it to be a major player to face current public health challenges (pathological aging, nutrition-related chronic diseases) and personalize nutrition throughout life.

Major players in the food and pharmaceutical R&D industries also joined the initiative.

→ These 3 centres are deeply implemented in the European research and exchange within the nutrition field.

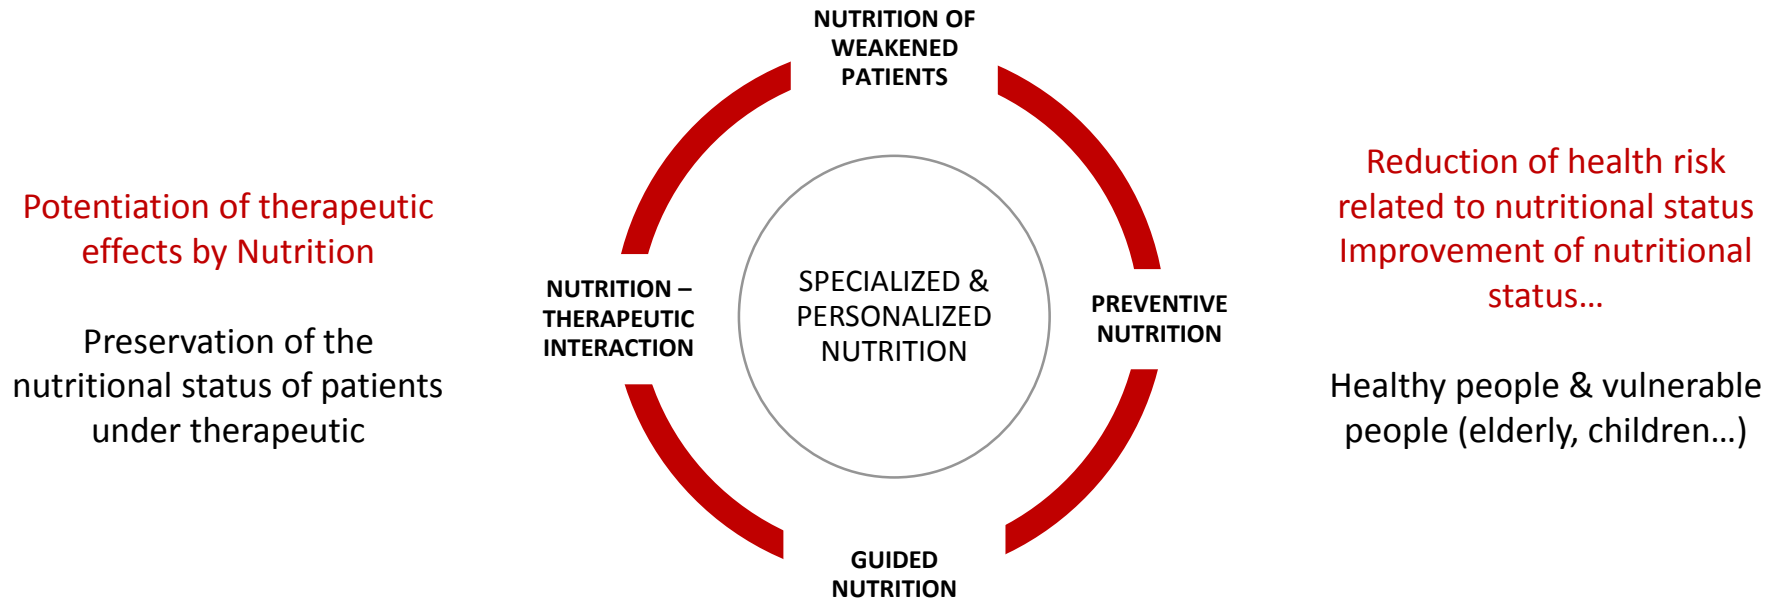

# STIMULATING INNOVATION IN NUTRITION-HEALTH

## through collaborative public-private RDI projects

### Therapeutic nutrition

Ageing, diabetes, metabolic diseases, cancer, allergies, denutrition, malnutrition, dysphagia, prematurity...

### Tools and support services for specialised / personalised nutrition

Medical devices, diagnostic, nutritional status monitoring, risk factors tracking, digital tools, ...

LYON

# CITE INTERNATIONALE

---

## **AN INNOVATIVE ARCHITECTURE IN HARMONY WITH ITS ENVIRONNEMENT**

Designed by the renowned Italian architect Renzo Piano and the landscape designer Michel CORAJOUR, **The Lyon Convention Centre** is located in the heart of the *Cité Internationale* district.

## **A DYNAMIC SITE**

With its hotels (**500 rooms** on site 3 and 4 stars + 500 additional rooms at walking distance), restaurants, shops and leisure facilities (Modern Art Museum, UGC Ciné Cité cinema complex, casino, etc.), the *Cité Internationale* caters for every aspect of modern life.

## **AN EXCEPTIONAL LOCATION**

Situated between the River Rhône and the Tête d'Or Park (105 hectares), the *Cité Internationale* is in an **exceptional setting** and is just 10 minutes from the city center and the Part-Dieu Station and 30 minutes from the airport.

# TETE D'OR PARK

---

Tête d'Or park, located nearby the Cité Internationale, covers an area of 105 hectares of nature.

Well-known as one of the biggest parks in France, this authentic lung of the city is an ideal place for sports lovers, families but also for delegates lunch break.

Tête d'Or park offers a pleasant circuit for runners. A run all around the park is about 3 800 meters.

The 8 ha botanical garden, a living plant museum, contains one of the richest collections in Europe, including 15,000 species of plants.

Different greenhouses are used to keep approximately 6,000 species.

As early as the spring, you can stroll around the magnificent international rose garden.

# THE CONVENTION CENTRE

---

## STATE-OF-THE-ART EQUIPMENT

A modern venue with **state-of-the-art equipment** and event spaces that benefit from **natural daylight**.

**25,000m<sup>2</sup> of modular space** at your disposal to host events for up to **19,000 participants**. All the spaces benefit from **natural daylight**.

The event spaces are laid out according to your needs: seminars, meetings, fairs, product launches, congresses, gala evenings and shows.

## THE EXPERTISE OF THE GL EVENTS GROUP

The expertise of the **GL Events Group**, acknowledged around the world for its know-how in the events trade, and the guarantee of **bespoke solutions** adapted to your event, thanks to a wide range of services: technical assistance (equipment and support), catering (thanks to our catering partners and our in-house catering facilities), reception and access-control staff, layout and decoration of event spaces, signage, security, cleaning, etc.

## A DEDICATED PROJECT MANAGER

**A dedicated project manager** whose role is to provide advice and support and to coordinate all the services in order to make your event a genuine success, in line with **our values** of excellence, trust, respect, team-spirit and integrity

Their commitment is to organize your event in the best possible way so as to fully meet your expectations and **dazzle your guests!**

SOCIAL PROGRAMMES**

**LYON**

# CITY HALL OF LYON

---

One of the city's finest historical monuments, created by the architect Simon Maupin, and rebuilt by Jules Hardouin-Mansart after a fire. This masterpiece of classical architecture from the 17<sup>th</sup> century is sumptuously adorned with remarkable baroque- painted decors, stucco, gilding and garlands, which turn it into a real palace. As a grand finale, the unique famous fountain of Bartholdi on the “Place des Terreaux”.

---

**Cocktail capacity: main ball room 350 people**  
*Subject to availability and capacity restrictions*

# CITE INTERNATIONALE DE LA GASTRONOMIE

---

Starting this autumn, come and discover the interior of the Grand Hôtel-Dieu, just a couple of steps from Place Bellecour, enter the historical spaces of this listed building, fully refurbished to house the Cité Internationale de la Gastronomie of Lyon.

Wander through the rooms to discover the thousand and one facets of the gastronomic meal of the French, discover how nutrition and health are inseparable from gastronomy, enjoy new experiences in **the first museum in which you can taste the works of art!**

---

**Dinner capacity (Espace Gastronomique – 3<sup>rd</sup> floor): 100 persons maximum**

**Cocktail capacity (Dôme des Quatre Rangs): 250 persons**

<https://citegastronomielyon.fr/fr>

# HERMES II BOAT

---

## HERMES BOAT: TRADITIONAL CUISINE IN AN UNUSUAL SETTING

Boat restaurant in Lyon, Hermes offers gourmet rivercruises to discover a 2,000 year old city in an unusual way.

Dinner cruises are organized on the Rhône and the Saône rivers.

---

**Seated capacity : 160 persons**

**Cocktail capacity : 180 persons**

[www.lesbateauxlyonnais.com](http://www.lesbateauxlyonnais.com)

# PALAIS DE LA BOURSE

---

The “Palais du Commerce” where sits the Chamber of Commerce and Industry of Lyon is the economical emblem of Lyon since its construction in 1856.

Located in the heart of the city, the building of the Chamber of Commerce and Industry from the time of Napoléon III (1860) offers 9 restored rooms with a capacity from 15 to 400 people maximum.

---

**Seated capacity: 450 persons**

**Cocktail capacity: 500 persons**

[www.lyonpalaisbourse.com/](http://www.lyonpalaisbourse.com/)

# MUSEE DES BEAUX ARTS

---

The Museum of Fine Arts is one of the largest French and European museums. Located in the heart of Lyon, between the Rhône and Saône rivers, it is found in a magnificent building dating from the 17th century.

Both a museum and a palace, the Museum of Fine Arts in Lyon offers spaces for receptions, as well as an auditorium for conferences. The superb baroque decor of the former refectory of the nuns is a magical setting for hosting groups and events. Its capacity is 130 people for a dinner and 250 people for a cocktail.

The former cloister of the abbey, the garden of the museum is a haven of peace in the heart of Lyon. Original sculptures by Rodin, Bourdelle and Duret echo the museum's collections. This exceptional setting is ideal for summer receptions. The garden can accommodate up to 500 people.

---

**Garden capacity : 500**  
**Refectoire capacity (cocktail) : 250**  
[www.mba-lyon.fr](http://www.mba-lyon.fr)

# MUSEE LUGDUNUM

---

**Lugdunum – Museum and Roman Theaters** is the perfect symbiosis of an archaeological site that is part of a UNESCO World Heritage setting with unique architecture and exceptional collections.

The museum and the theaters are located on the slopes of Fourvière Hill, **on the very site where the Roman city of Lugdunum was founded** in 43 B.C.. The museum offers an exceptional setting for private events. The great mosaic among the collections, can host dinners up to 200 persons.

---

**Dinner capacity: 200 persons**  
**Cocktail capacity: 300 persons**

# L'EMBARCADERE

---

Located in the heart of Lyon, on the banks of the Saône river, the Embarcadère offers 900 sq.m of resolutely modern, naturally-lit spaces in an industrial loft style.

---

**Dinner capacity: 230 persons**  
**Cocktail capacity: 600 persons**

Place du Change

An aerial photograph of Lyon, France, taken from a high vantage point looking down on a dense forest of green trees in the foreground. The city of Lyon is visible in the middle ground, with its characteristic red-tiled roofs and a mix of historic and modern buildings. The Rhône River flows through the city. In the background, the sun is setting, creating a warm, golden glow over the city and the sky. A large, semi-transparent white circle is overlaid on the center of the image, containing the text 'ECO2023', 'BUDGET', and 'LYON'. Two horizontal red lines are positioned above and below the word 'BUDGET'.

LOUIS XIV  
BOULEVARD DE FRANCE

# HISTORICAL CITY

---

**2000 years of history:** 500 hectares classified as a Unesco World Heritage Site since 1998

One of the largest **Renaissance** quarters in Europe after Venice: Saint Jean Cathedral, narrow streets, inner courtyards and "Traboules" (passageways).

Capital of **silk weaving:** 30 000 silk weavers used to live in Lyon the 19<sup>th</sup> century Traboules" (passageways), silk printing workshop, Lyon's traditional know how.

**Fourvière's basilica** (XIX<sup>th</sup> century): major building of Lyon heritage  
Mosaics, stained glass windows, marbles and an astonishing view on the city!

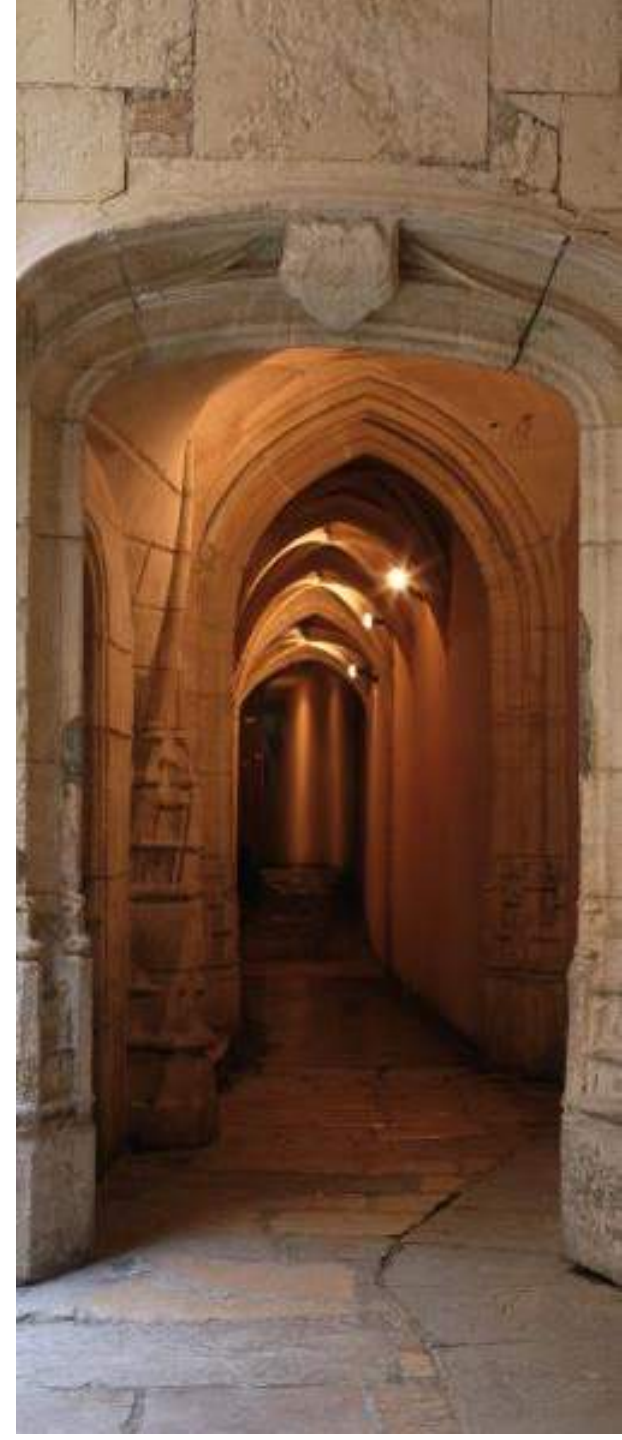

Birthplace of **cinema** with Lumière brothers

**City of Lights:** 200 sites are artistically lit up on the 8<sup>th</sup> of December during Lyon's Light Festival (2 million visitors yearly)

More than **30 museums** in the city

**Major contemporary** architects signatures  
(Renzo Piano, Jean Nouvel, Santiago Calatrava...)

A true, authentic **French** city experience!

# CULTURAL HERITAGE

---

## LYON RENAISSANCE DISTRICT

This Renaissance district, listed by UNESCO, is the largest area of its kind in France. It consists of 3 separate villages: S<sup>t</sup> Georges to the South, S<sup>t</sup> Paul to the North-East and S<sup>t</sup> Jean in the middle. The area mainly became a town in itself during the 15<sup>th</sup> and 16<sup>th</sup> centuries. A tour enables you to see Saint Jean Cathedral, and then the district itself with its narrow streets, inner courtyards and "Traboules".

## ENTER THE WORLD OF SILK THROUGH "TRABOULES" PASSAGEWAYS

Lyon is the capital of silk weaving in France. You will discover the "Traboules" (passageways) winding down the hill of the Croix-Rousse where 30.000 silk weavers used to live in the 19<sup>th</sup> century. At the silk printing workshop, printers will demonstrate Lyon's traditional know how.

## FOURVIÈRE'S BASILICA: A MAJOR BUILDING OF LYON HERITAGE

Built between 1872 and 1896, by the architects Pierre Bossan and Sainte-Marie Perrin. Its style is eclectic: austere outside and richly ornamented inside. Discover the mosaics, stained glass windows and marbles.

Visit of the crypt Saint Joseph.

# GASTRONOMY

## LYON, CITY OF PAUL BOCUSE (1926-2018)

**Bocuse d'Or**: the prestigious gastronomy award ceremony - [www.bocusedor.com](http://www.bocusedor.com)

**Les Halles de Lyon Paul Bocuse**: covered market to discover all the products that make the gastronomy of the city so famous. **Privatization: cocktail up to 3000 people.**  
[www.halles-de-lyon-paulbocuse.com](http://www.halles-de-lyon-paulbocuse.com)

**The Institut Paul Bocuse**: the school of hospitality management, food service and culinary arts. The school opened in 1990. A new campus will open its doors in 2020. It will increase the capacity of the campus by two with more than 16,000 m<sup>2</sup> of facilities equipped with ultra-modern technologies.

## LES HALLES DU GRAND HOTEL DIEU

### New temple of Lyonnais gastronomy

Driven by a passion for good food, **nine artisans and holders of the title 'Meilleur Ouvrier de France (MOF)'** welcome guests in an exceptional setting with the best Lyon's gastronomy has to offer. Designed as a space for living and sharing, Les Halles should satisfy the most demanding gourmets, who will be able to delight in culinary marvels at all times of day in the **tasting areas overlooking the Rhône.** **Privatization: cocktail from 150 to 350 people.**  
<http://halles-grand-hotel-dieu.fr/>

## THE INTERNATIONAL CITY OF GASTRONOMY

*Opened in October 2019*

The International City of Gastronomy will advocate for food as a source of both pleasure and health. It will also promote associated trades and industry expertise, further enhancing and expanding Lyon's reputation as a gourmet city.

# LYON'S MAIN MUSEUM

---

## **MUSEUM OF CONFLUENCES**

*The must-see national Science and Society Museum in Europe! Discover its stunning architecture!*  
Located at the confluence of the rivers Rhône and Saône, it presents the story of the earth itself from its earliest days and humanity through history and geography. [www.museedesconfluences.fr/](http://www.museedesconfluences.fr/)

## **FINE ARTS MUSEUM**

Located in the middle of the historic city centre in the building of a former Royal Abbey dating from the 17<sup>th</sup> century, the Lyon's Fine Arts Museum has one of the largest art collections in Europe.  
[www.mba-lyon.fr/mba/](http://www.mba-lyon.fr/mba/)

## **LUGDUNUM – MUSEUM AND THEATRES OF LYON**

The Gallo-Roman Museum of Lyon-Fourvière and the archaeological site are situated on the slopes of the Fourvière hill, formerly in the centre of the Roman City of Lugdunum, founded in 43 B.C. A superb collection of mosaics, sarcophagi, statues and artifacts, are preserved in this museum.

[www.ludunum.grandlyon.com/](http://www.ludunum.grandlyon.com/)

## **INSTITUT LUMIÈRE / MUSEUM OF CINEMA**

In the Lumière museum, you can discover the Lumière brothers' fabulous inventions. The Hangar of the first film, all that remains of the Lumière factories and first “Cinématographe” scene, has been renovated and turned into a large cinema.

[www.institut-lumiere.org/](http://www.institut-lumiere.org/)

## **THE INTERNATIONAL CITY OF GASTRONOMY** (Opened in October 2019)

The International City of Gastronomy will cover a surface area of 3,930 m<sup>2</sup>, which will be devoted to the theme: “gastronomy, at the crossroads of food and health”. Learning to eat well, while associating health with pleasure, boosting preventative measures, and discovering and furthering the latest breakthroughs in research, are the main missions chosen for this great and innovative project.

# EXCURSIONS

---

## **BEAUJOLAIS WINE COUNTRY**

(30 minutes North from Lyon)

Set off along the “Route des Crus”, with wine tasting, discover local chateaux, or visit golden stone villages with stop-off points for food.

## **PÉROUGES**

(30 minutes North East from Lyon)

Pérouges is a medieval walled town, on a small hill overlooking the “Ain” river valley, 30 kilometers North of Lyon. It developed in the 14<sup>th</sup>-15<sup>th</sup> centuries based around the local wine and weaving industries.

## **BURGUNDY**

(1h30 North from Lyon)

Tour through the “Côtes de Beaune” and the “Côtes de Nuits”, tasting of prestigious vintage: “Meursault”, “Pommard”, “Aloxe-Corton”. Discover the Dukes of Burgundy capital, Beaune, a town rich in wealth and symbolism, with its countless wine-cellars huddled round the historic hospices.

# HOTEL CHARTER

---

## HOSTING OF MAJOR ASSOCIATION EVENTS HOTEL CHARTER

-

In order to facilitate the holding of major congresses, local event industry professionals have put in place comprehensive systems in order to facilitate the organisation of major international events for pre-reservation and purchase of hotel rooms and to adequately meet the needs of those looking to place an event in the city.

### CONTEXT

The Hotel Charter (hereinafter "the Charter") concerns exclusively any new event organised by non-profit organisations (learned societies, federations, professional associations, etc.) generating more than 1,000 bed nights... and requiring reservations at several hotels.

The charter applies to events\* for which the Lyon Convention Bureau (hereinafter: Lyon CVB) must have, several years in advance, placed a bid to host the event in the city of Lyon.

It may be submitted to agencies, the conditions below being, for the signatories of the Charter, "minimum" sales conditions. The Charter expresses the moral commitment of its signatories: non-compliance with the commitments made cannot result in any contractual or legal sanction.

---

-> \*an event is a meeting:

- on the initiative of one or more scientific or technical organisations,
  - with financial participation from event attendees,
  - in the course of which participants from different walks of life meet at a given time and in a given place,
  - with high educational added value,
  - of which the objective is the dissemination, exchange of knowledge, and sharing of experience on a given theme between specialists in the same discipline,
  - with a generally set frequency.
-

# HOTEL CHARTER

---

## Article 1. VALIDITY OF THE CHARTER

This Charter applies for all signatories for a term of three consecutive years from the date of signing.

### FOR GROUPS:

## Article 2. HOTEL COMMITMENTS

### Article 2.1. OFFER HARMONISATION

- > The hotelier commits to not offer more attractive rates on reservation channels than the rates negotiated for the convention, until the final release date.
- > The hotelier commits to make available 50% of the hotel's accommodation capacity if the hotel has fewer than 100 rooms and 60% for more than 100 rooms.
- > The hotelier commits to propose rates incl. VAT per room and per night, with City tax being charged extra.
- > The hotelier commits to propose identical rates for double rooms and single rooms and to maintain an identical rate for each night of the Convention irrespective of length of stay.
- > The hotelier commits to ensure the accompanying spouse's stay is complimentary, without breakfast being charged extra. The complimentary stay for the spouse is applicable in double rooms only (no complimentary stay for the second person in a twin room). The accompanying spouse shall be liable to pay only individual visitors' tax.
- > For pre and post event reservations at the weekend, the best promotional rate shall be applied under equal conditions.
- > The hotelier commits to provide firm and final rates when the rate request is made less than 12 months before the date of the event. If the request is made more than 12 months before the date of the event, the hotelier commits to not make an increase of more than 3% in relation to the declared rate.
- > The hotelier commits to offer 1 free bed night for

### 50 purchased. Article 2.2. HOSTING IN HOTELS

- > The hotelier commits to put in place signs for the event at the front desk: Lyon CVB shall provide hotels with a Perspex display stand as well as the visual to print for each relevant event.
- > The hotelier shall display means of transport in the lobby to access the event.

### Article 2.3. TERMS AND CONDITIONS OF PAYMENT

#### **The terms and conditions of payment are as follows:**

- > Upon signing the contract (9 to 12 months before the date of the event), the client must pay a 1st down-payment of 15% of the amount of the invoice.
- > 90 days before the date of the event, the client must pay a 2nd down-payment of 35% of the amount of the invoice.
- > 30 days before the event, the client must pay a 3rd down-payment of 45% of the amount of the invoice.
- > The client can pay the balance of the invoice 30 days before the event.

# HOTEL CHARTER

---

If the above terms and conditions of payment cannot be met, the special conditions of each hotel shall be applied. Reservations must be made with a bank guarantee or a down-payment cheque.

## Article 2.4. RESERVATION CANCELLATION CONDITIONS

### **Total cancellation**

When an event is cancelled totally in Lyon, 180 days before the event, the reservation is cancelled. No penalty shall be due.

### **Partial cancellation**

-> When the convention is cancelled 180 days to 90 days before the event, 50% of the number of rooms per night and per hotel can be cancelled without penalty. Above this 50%, any bed night cancelled shall be billed at 50% of its initial rate, on the initial block.

-> When the convention is cancelled 89 days to 30 days before the event, 20% of the number of rooms per night and per hotel can be cancelled without penalty. Above this 20%, any bed night cancelled shall be billed at 80% of its initial rate, on the initial block.

-> When the convention is cancelled 29 days to 15 days before the event, 10% of the number of rooms per night and per hotel can be cancelled without penalty. Above this 10%, any bed night cancelled shall be billed at 90% of its initial rate, on the initial block.

-> When the convention is cancelled 14 days before the event: 100% of the total amount of bed nights reserved shall be billed.

-> No-show: 100% billing of all reserved rooms.

## FOR INDIVIDUALS:

### **Article 3. ALLOTMENTS**

The hotelier commits to make available 30% of the hotel's accommodation capacity. For a convention for which reservations are made individually, the hotelier reserves the right to reduce the room allotments according to the following conditions:

-> 60 days before the event: 25% to 30% of the allotment according to the number of unsold rooms;

-> 45 days before the event: 50% of the remaining allotment,

-> 15 days before the event: unsold rooms reclaimed by the hotel.

-> Reservations must be made with a bank guarantee or a down-payment cheque.
